

MD ASRAFUL ISLAM

FULL-STACK WEB DEVELOPER

+880 1626 676752 / asraful808088@gmail.com / Narayanganj, Dhaka, Bangladesh / github.com/asraful808088
/ hilarious-melba8c3e59.netlify.app

PROFILE

Full-stack developer from Bangladesh with hands-on experience building web and mobile applications. Comfortable across React, Node.js, Django, and Laravel, with prior work in Flutter and Android. Currently expanding into Machine Learning, Deep Learning, and AI to build smarter, feature-rich applications, with a long-term goal of growing as a versatile full-stack developer within a dynamic team.

PROJECT EXPERIENCE

Independent Full-Stack Projects

Self-Directed / Ongoing

- Built full-stack web applications end-to-end with HTML, CSS, JavaScript, React, Node.js, FastAPI, Django, and Laravel.
- Developed cross-platform mobile applications using Flutter and native Android (Java).
- Designed and implemented data-driven backends with MongoDB, PostgreSQL, and MySQL.
- Built a personal portfolio site with a custom animated HTML/CSS/JS interface and an integrated AI chat assistant.
- Currently studying AI/ML to integrate intelligent features into future web applications.
